

Framework of International Mine Action Standards (IMAS) (Mar 2004)

General mine action standards and guidelines

IMAS 01.10	IMAS 02.10-11	IMAS 03.10-40	IMAS 04.10	IMAS 05.10
Guide for the Application of IMAS	Establishment of Mine Action Programmes	Equipment Test and Evaluation	Glossary of Terms and Definitions	Information Systems

Training needs of mine action managers and staff

IMAS 06.10	IMAS 06.20	IMAS 06.30	IMAS 06.40	IMAS 06.50
Systems Approach to Management Training (DRAFT)	Training of senior level national managers	Training of middle level national managers	Training of Technical Advisors	Training of MRE managers and staff

Management, accreditation and monitoring

IMAS 07.10-11	IMAS 07.20	IMAS 07.30-31	IMAS 07.40-42
Management of Demining and MRE	Guide to Contracts (DRAFT)	Accreditation of Mine Action Organisations	Monitoring of Mine Action Organisations

Risk assessment and survey

IMAS 08.10	IMAS 08.20	IMAS 08.30	IMAS 08.40
General Mine Action Assessment	Technical Survey	Post-clearance Documentation	Marking of Hazards

Mine and UXO clearance

IMAS 09.10	IMAS 09.20	IMAS 09.30	IMAS 09.40-44	IMAS 09.50-51
Clearance Requirements	Post-clearance Inspections and Sampling	EOD	Use of Mine Detection Dogs (MDD)	Mechanical Applications

Mine action safety and occupational health

IMAS 10.10	IMAS 10.20	IMAS 10.30	IMAS 10.40	IMAS 10.50	IMAS 10.60
S&OH General Principles	Demining Worksite Safety	PPE	Medical Requirements	Explosive Safety	Accident Investigations

Anti-personnel mine stockpile destruction

IMAS 11.10	IMAS 11.20	IMAS 11.30
Guide for the Destruction of APM	OBOD Operations	National Planning Guidelines

Mine Risk Education (MRE)

IMAS 12.10	IMAS 12.20
Planning	Implementation

Evaluation of mine action programmes

IMAS 14.10	IMAS 14.20
Evaluation of Mine Action Programs	Evaluation of MRE
